The ultimate in relaxation! Flowing and continuous strokes are used in this popular Western form of bodywork to help decrease daily stress and support the health and balance of your circulatory, nervous and lymphatic systems. Make it a regular part of your health and wellness routine.

Deep Tissue Massage 30 minutes \$55
60 minutes \$75

A deeper form of bodywork that targets areas of chronic tension, pain, or muscle dysfunction. This massage is beneficial to break down scar tissue from a previous injury, increase muscle flexibility or length, or decrease chronic muscle tension. The treatment may include postural evaluation, therapeutic stretch, and hydrotherapy for a relaxing and effective massage treatment.

Hot Stone Massage 75 minutes \$105

Pregnancy, one of the most wonderful and exciting times in life, can also be one of the most stressful for a woman's body. Let us nurture mother-to-be during this special time! Reiki 30 minutes \$40

A Japanese technique for stress-reduction and

relaxation that also promotes healing, Reiki is administered by laying hands on the body to allow "life force energy" to flow through you. When one's "life force energy" is high, you are more capable of being happy and healthy, and when low, you are more likely to get sick or feel stress. Treatment leads to a wonderful glowing radiance that flows through and around you. Reiki treats the whole person, including body, emotions, mind and spirit to boost relaxation and feelings of peace, security and well-being.
